## Seals on water-based products replaced by cap

**In January 2009 Valspar introduced a new type of seal for the water base packaging.**

As we have not been completely satisfied with the performance of this concept we have decided to stop using this seal and revert to the screw tops.

All our stocks now have the screw top.

If you have any stock with the silver seal and wish to replace with screw tops, please contact our Sales Office tel: 0031 (0) 320 292234 or e-mail: [stook@valspar.com](mailto:stook@valspar.com) and we will send you new lids to replace the old ones.

## New in the range: HS420 Hardener Slow

You can now order the HS420 Hardener Slow H46. This hardener has been added to our range to make the processing of the HS Clear Coat C248 and the Octocoat HS420 System problem-free when used in higher temperatures. For the HS Clear Coat C260, this hardener has not been released just yet. The HS420 Hardener Slow is meant for use in temperatures over 35 degrees Celsius and higher.

**You can order the H46 using article number 202115001.**

## Octobase Eco Degreaser in 1l bottle

The Octobase Eco Degreaser TD80 is now also available in a 1l bottle in addition to the 5l can. The bottle is easy to recognise by its black cap. You can order the Octobase Eco Degreaser using article number 311103001.

## Additions/updates to our colour documentation

In July the following additions/updates have been released:

- **COINS 7.0.0.0**
- **Colour Box update 10**
- **Motor Colour Card 24**

During July, all updates that you have requested have been sent together with your current orders. If you have no outstanding orders, the updates have been sent separately. If you haven't received anything by the middle of August, please let us know.

## Nissan Skyline

Warren and the staff at AM Motors bodyshop have modified and completely refinished a Nissan Skyline using Octoral products including Octobase Eco basecoat. This vehicle has won numerous "Max Power" best in show awards. These awards cumulated in the owner winning an all expenses paid holiday to Japan, birthplace of the Nissan Skyline. "The vehicle has been refinished over 2½ years ago but it still looks as good as if it just rolled out of the spray booth" according to Warren, the owner of AM Motors.

We would like to inform you about the personnel day on which the offices of Valspar bv will be closed: Friday the 25th of September. When placing orders please take this into account concerning your stock and new orders.

## National Old Timer day

**On the 21<sup>st</sup> of June the annual national Old Timer day once again took place in Lelystad. Like last year, Valspar sponsored this event.**

It was a special edition because this year marked the 25<sup>th</sup> anniversary of the national Old Timer day. Aside from the participants in the normal categories, all winners of the past 25 years were present. They took part in a special category called the Master class. The expert jury voted a Bristol 403 Saloon from 1953 the winner of the Master class. This year there were also fascinating old fire brigade vehicles on display. Many participants had dressed in clothes that are in keeping with the era of their cars. For a day young and old had a chance to enjoy the nostalgic feel of Old Timers. The history of the car makes friends amongst all ages.

With over 30,000 visitors, this year's national Old Timer day can once more be called a great success.

## Octoral mouse mat

We have had an Octoral mouse mat in our range for some time now. It is a mouse mat with a smooth, easy-to-clean surface and underneath is non-slip..

You can order the mouse mat, shown in the picture, using article number 695113000.
