DISCOVER EFFORTLESS ACCURACY

ACHIEVE A SEAMLESS AND STRIKING EFFECT COLOUR

Octoral's forward-thinking approach means we are always at the forefront of colour innovation, developing solutions in line with new OEM colours. The introduction of the new B529F Mica Blue Fine and B548 Bright Green Blue toners to the Octobase System is our latest innovation. The two new blue toners ensure you can achieve even purer colour accuracy for outstanding results, first time.

PURE COLOUR

Octoral is renowned for vibrant colours that are so true to the naked eye, we invest in colour technology to ensure you can confidently colour match with precision and exceptional accuracy. The Mica Blue Fine and Bright Green Blue toners were designed to enhance your colour matching abilities for high quality OEM-standard results.

ENHANCED RANGE OF COLOUR

The Mica Blue Fine and Bright Green Blue toners expand our blue colour portfolio, improving the Octobase System. The toners can be used in formulation to match an even wider range of colours that require these shades of blue, further strengthening your ability to accurately colour match both complex and simple colours.

With the introduction of the B548 Bright Green Blue toner, we will rationalise the B55 Deep Blue toner which will no longer be available.

HOW TO ACCESS

Please ensure that your COINS software is up to date. The new colour formulations with the new Mica Blue Fine and Bright Green Blue toners are available on the latest version of COINS. To update your COINS software, follow the instruction below.
