OCTORAL

WELCOME TO THE WORLD OF OCTORAL

A world of refinish solutions in a single innovative system: that is what Octoral offers you. With a full line of VOC-compliant mixing colours, a premium water-based base coat colour solution, protective clear coats and resilient primers, Octoral is a superb choice for outstanding results, delivering the ultimate in ease of application, coverage and colour variation. Experience our complete range of products and discover the world of Octoral.

CLEANING AGENTS

The complete range of Octoral cleaning agents gives you all you need for the perfect preparation before you start your repair. This complete line of first class products gently deep-clean the bodywork, removing grease, dust, salts and minerals from all surfaces, creating the cleanest surface for the best adhesion possible.

OCTOCOAT HS420 SYSTEM

The Octocoat HS420 mixing colour system has been specially developed for both automotive repair work and fleet, chassis and bodywork. This VOC-compliant 2K top coat mixing system is suitable for all direct gloss systems and is compatible with different types of hardeners. It comes in a wide range of bright, natural colours that can be applied with ease and without the need for a final clear coat application.
